BUTTERFLY ACTIVITY

Use the answer sheet to complete the activity.

- a) Look carefully at the pictures of the butterflies and choose the one that you have been rearing. Circle the correct number on the answer sheet. Look for the difference in the colours and markings of the wings of these pictures of British butterflies.

1) Small Tortoiseshell

2) Peacock

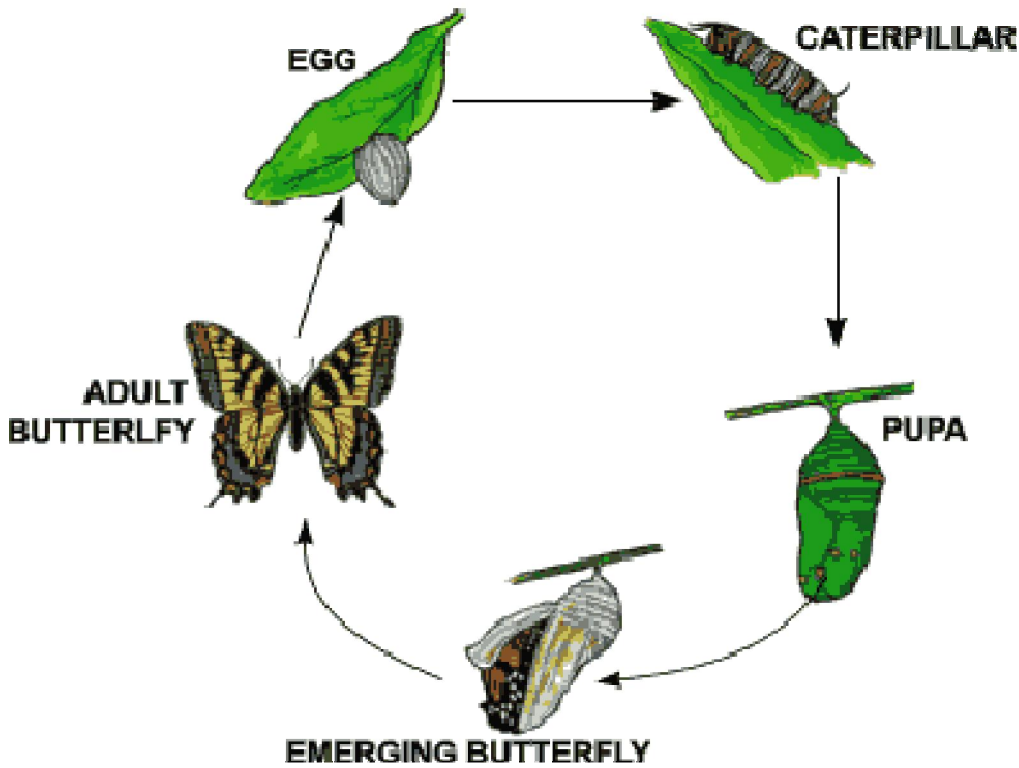

3) Red Admiral

4) Painted Lady

- 2) Look at the different cycles of the life of a butterfly and write the numbers 1 to 5 in the right order on the answer sheet. The butterfly life cycle makes these creatures so special and unique. Put number 1 where you think the cycle starts, and so on.

3) Look at the pictures of the different food plants below, and choose the one used to feed the caterpillars in your school. Tick the correct number on the answer sheet. All of these plants are food plants for butterflies and are very common in Britain. Do you remember which food plant you used ?

1) Nettles

2) Privet

3) Holly
